

Kid of the Month

January 2014

Dominick Saguiped

Dominick has been a part of our ASP for two years now and he is one of our many shining stars! Dom spends his time hanging with friends and getting his homework done! When Dom isn't hanging with friends, he can be found in the library reading a good book. He is easy going and enjoys all we have to offer. One of the many things that makes Dom great is his friendliness toward everyone around him. He always makes sure others are included in games & activities.

**He is polite and respectful and makes a great role model for all the kids in our program!
Keep up the great work, Dom!**
