

Kid of the Month

January 2016

Liyah joined the After School Program this year and it feels like we have known her forever! We can always count on daily hugs from her! She has a great personality. Liyah spends her time here getting homework done, playing outside or building Legos. One of the things we like most about Liyah is how she treats everyone in the program the same. She will include anyone in a game, or a conversation. She has a wonderful group of friends, but always makes sure no one feels left out!!

**Keep being you, Liyah,
because we think you ROCK!**

Liyah Robert
