

KID OF THE MONTH!

Daniel Chaplin

February 2013

Daniel has been part of our ASP Family for several years now and is a wonderful part of our program.

Daniel is friends with everyone. He has a great sense of humor, is always quick to make a joke, and over the years has learned to laugh at the staffs jokes! (Even when they aren't funny!)

Daniel always spends time working on his homework while he is here! He has a vivid imagination and creates some pretty cool things with the legos. He is helpful, kind and respectful. He is a great role model to all the kids in the ASP.

Keep up the great work, Daniel!
