

APRIL 2014

Jayden MUNIZ

Jayden Muniz has been part of the ASP for quite a few years, and we have watched him grow into an amazing young man. He has really come out of his shell this year and has made a great group of friends at the Youth Center. He spends his time playing every game outside, his "wall-ball" skills are quite impressive, or mastering his engineering skills with his great Lego buildings. Jayden is a huge fan of Pringles Chips and always has a few on hand! He is polite and friendly to everyone at the center. We love having him in our ASP Family!

Keep up the great work, Jayden!!

Kid of the Month
