

# Kid of the Month

## April 2016

Quentin has been part of the ASP for two years now and is a great part of our family! He spends most of his time outside playing with friends, but only after he finishes his homework!

Quentin has really come out of his shell this last year and it has been so great to watch! He has a wonderful personality and a great sense of humor! He even laughs at the staff jokes, funny or not!!

Keep being you Quentin, but maybe consider sharing your snacks with us once in a while!!

You are awesome!!
