

# Kid of the Month

## May 2018

**We are not “horsing” around when we talk about how much we love having Sofia in our After School Program!**

**Sofia joined us this year for our ASP and is already one of our greats! She is kind, caring and respectful to everyone she meets!**

**Sofia is a huge animal lover and knows more about horses than most adults do! She is also a very talented artist! We can always count on Sofia for a smile and a hug at the beginning and end of everyday! We are very excited for her to be part of Summer Center this year!**

**One of Sofia’s greatest qualities is her huge heart, and her compassion for others, which makes it so easy to understand why she is our Kid of the Month!**
