

Kid of the Month

September 2015

This is Camren's third year in the ASP and he has really grown over the last few years! It has been so great watching him grow into a role model for all the kids in the program! Cam makes sure he gets his homework done before heading outside to be part of whatever activity is going on! This year Cam joined our Youth Action Council and is a great addition to that program! Cam surrounds himself with a great group of friends and enjoys playing any game outside! He has also become one of our best with his sportsmanship. He is respectful and polite and has the best taste in football teams! Cam has a great sense of humor and loves to have a good time!
Keep up the great work, Camren!
