

Kid of the Month

November 2015

Abby has been part of our After School Family for three years now, and we are so happy that she is! Abby enjoys spending time with her friends kicking around the soccer ball or hanging on the mats! She is a very active kid and is very rarely sitting still! Abby has a great personality and surrounds herself with friends that bring out her great sense of humor!

One of the things we love most about Abby is that she is nice to everyone! She is a great role model for her peers!

Abby, we hope that you never change, because we think you are awesome!!
