

Kid of the Month

November 2018

Grace has been part of the ASP family for 5 years, and we have really enjoyed have her in our program. She is a kind and caring person, who will make friends with anyone! Grace has great taste in music, and loves her converse sneakers!

Most days Grace can be found hanging out with her posse, but also makes sure that any new kid here feels welcome and included! She has grown up so much in these past five years, and even though we joke about how “annoying” you are, we really do think you are one of the greats!

Thank you for being you, Grace!
