

Kid of the Month

Billy has been part of our ASP Family for 6 years now! As a freshman at Grasso, we have watched Billy grow into a respectful young man! He has a great sense of humor, and we can always count on him to have a great joke for us almost every day!

Billy can be found getting his homework done, or engineering some kind of Lego building or car in the Rec Room! This is just practice for his future career, as he will be entering the drafting program next school year! We have watched Billy grow up in our After School Program... literally, he is taller than most of the staff now, and we are so happy to have him in our family!

Keep being you Billy, because we think you are awesome!
